SUMMARY

Rooted in a strong Computer Application background, I'm an emerging Backend Developer passionate about crafting real-world solutions. I recently built *QuickTickets*, a multi-category ticketing platform with payment integration and admin tools. Currently deepening my expertise in SQL, Golang, and Spring Boot, I'm focused on building systems that are not just functional—but reliable, scalable, and meaningful.

TECHNICAL SKILLS

Languages and Technologies: SQL, Java, C++, Html, Css, Intellij Idea, AndroidStudio, VsCode, GitHub

EDUCATION

Bachelor In Business Administration(Computer Application)   July 2022 - Mar 2025

Modern College Of Business Administration   *Pune, India*

- Built and deployed multiple full-stack projects, including a dynamic ticket booking system with real-time admin tracking and Razorpay integration
- Completed a 3-year Computer Applications degree with a strong academic record (8.9 CGPA) and practical expertise in web technologies

Higher Secondary Certificate (HSC)   Aug 2020 - Mar 2022

Shri Samarth College Of Arts Science And Commerce   *Pune, India*
